- **Size 1380 x 1380 mm.**
  - minute hand only
  - minute- and second hand, wireless remote control
  - minute- and second hand, hardwired remote control

Westerstrand **Analogue Football Clock** is a single sided match time clock for football either with minute hand only, or minute- and second hand.

The clock is intended for wall mounting. Stand/Supports with ground fixing plate available as accessory for standing installation on suitable foundation.

### Function:

- **Models with minute hand only**

The clock is connected to mains supply 230V 50Hz AC over a power switch. Connection cable and power switch are not included in the shipment. The clock starts immediately when mains is switched on and stops when mains is switched off.

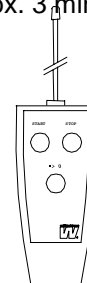

The minute hand is manually set to zero (0) using a setting knob on the rear side of the movement when mains is connected.
- **Models with minute and second hands**

The clock is connected to mains supply 230V 50Hz AC over a power switch. Connection cable and power switch are not included in the shipment. The clock is started, stopped and reset using a remote control available both as wireless (radio) or traditionally hardwired.

When the 1<sup>st</sup> half has finished, time is immediately manually reset by pressing the RESET key on the remote control. (Maximum duration for resetting to zero is approx. 3 minutes.)

Hardwired remote control

Wireless (radio) remote control

We reserve the right to changes at any time.
