

DESCRIPTION BACKBOARD LED-STRIPE 117690-51

Indicator to communicate with basketball players, public and officials in basketball.

The delivery comprises:
2 set. Backboard LED stripe

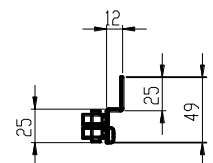

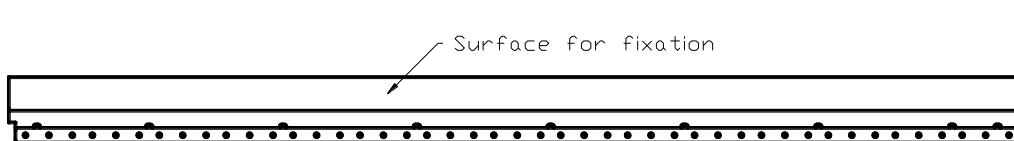

SPORTS: BASKETBALL

This backboard LED light strip kit acts as a visual indicator to communicate with basketball players, public and officials. It is a strip of LEDs that outlines the perimeter of the backboard and lights up when the game clock reaches zero. This kit is designed to fit typical backboard models and is adapted (in order) to fit actual models and is intended for connection to Westerstrand shot timers FIBA of later version (contact Westerstrand sales to verify the function).
